**Whereas**, this year’s theme, “Esperanza: A Celebration of Hispanic Heritage and Hope,” invites us to celebrate Hispanic Heritage and to reflect on how great our tomorrow can be if we hold onto our resilience and hope. It encourages us to reflect on all the contributions Hispanics have made in the past, and will continue to make in the future; and,

**Whereas**, although too numerous to recognize individually by name, Hispanics serve as civil rights leaders, community organizers, politicians, soldiers, educators, journalists, first responders, pioneers in art and science, healthcare professionals, athletes, inventors, entertainers, and so much more; and,

**Whereas**, Hispanics continue their rich history of significant and diverse contributions to the cultural, educational, economic, and political vitality of Adams County.

**Now, Therefore, Be It, Resolved That**, the Board of Commissioners of the County of Adams, State of Colorado, proclaims September 15 - October 15, 2021 as

**Whereas**, with the average number of unemployed persons at 8,800, nearly 7,900 participants were employed within six months of utilizing program services; and

Meeting: Board of County Commissioners on 2021-09-14 9:30 AM  
Item: 5. PUBLIC COMMENT

eComment: Recently, the City of Loveland agreed to pay a defendant \$3 Million due to the misdeeds of the local police department. The defendant was severely injured and subjected to unnecessary force. Routinely I see Board Meeting agenda items, such as item 6S today, regarding the indemnification of Adams County employees. While I can agree that we need a process for protecting employees when they are indeed performing their assigned duties within the scope of their employment, I am also fearful that we are putting taxpayers on the hook for the misdeeds of others. I honestly have never seen an indemnification resolution not be passed, though I can admit that I may be missing information. What I request, is that the county provide more details on the internal investigative process and more details on the investigations themselves. This information will help county citizens to speak up when necessary and provide comments when the information does not seem just or reasonable.

<b>STIPULATION (As to Tax Year 2020 Actual Value)</b>	

Petitioner and Respondent hereby enter into this Stipulation regarding the tax year 2020 valuation of the subject property, and jointly move the Board of Assessment Appeals to enter its order based on this Stipulation.

Petitioner and Respondent agree and stipulate as follows:

1. The property subject to this Stipulation is located at:  
2171 West 128<sup>th</sup>, Westminster, Colorado.
2. The subject property is classified as Commercial property.
3. The County Assessor originally assigned the following actual value to the subject property for tax year 2020:

Land	\$1,439,320
Improvements	<u>\$ 465,213</u>
Total	\$1,904,533

4. After a timely appeal to the Board of Equalization, the Board of Equalization valued the subject property as follows:

Land	\$1,439,320
Improvements	<u>\$ 465,213</u>
Total	\$1,904,533

5. After further review and negotiation, Petitioner and County Board of Equalization agree to the following actual value for tax year 2020 for the subject property:

Land	\$1,439,320
Improvements	<u>\$ 338,680</u>
Total	<b>\$1,778,000</b>

6. Both parties stipulate and agree that the valuation as established above is binding with respect to tax year 2020 and that further adjustment, whether brought under legal or factual grounds, shall be precluded.

7. Brief narrative as to why the reduction was made: Additional consideration was given to the age of the property as an element of uniformity to similar like properties in the county. As a result a minor adjustment is warranted.

8. Both parties agree that the hearing scheduled before the Board of Assessment Appeals on July 1<sup>st</sup>, at 8:30 a.m., be vacated; or, a hearing has not yet been scheduled before the Board of Assessment Appeals \_\_\_\_\_ (check if appropriate).

<b>STIPULATION (As to Tax Year 2020 Actual Value)</b>	

Petitioner and Respondent hereby enter into this Stipulation regarding the tax year 2020 valuation of the subject property, and jointly move the Board of Assessment Appeals to enter its order based on this Stipulation.

Petitioner and Respondent agree and stipulate as follows:

1. The property subject to this Stipulation is located at:  
14251 E. Colfax, Aurora, Colorado.
2. The subject property is classified as Commercial property.
3. The County Assessor originally assigned the following actual value to the subject property for tax year 2020:

Land	\$ 812,496
Improvements	<u>\$1,170,168</u>
Total	\$1,982,664

SJM 0-AD-002

4. After a timely appeal to the Board of Equalization, the Board of Equalization valued the subject property as follows:

Land	\$ 812,496
Improvements	<u>\$1,170,168</u>
Total	\$1,982,664

5. After further review and negotiation, Petitioner and County Board of Equalization agree to the following actual value for tax year 2020 for the subject property:

Land	\$ 812,496
Improvements	<u>\$1,018,504</u>
Total	<b>\$1,831,000</b>

6. Both parties stipulate and agree that the valuation as established above is binding with respect to tax year 2020 and that further adjustment, whether brought under legal or factual grounds, shall be precluded.

7. Brief narrative as to why the reduction was made: Additional consideration was given to age and, in particular, location. Reports from owner indicate security issues. Reduced rent slightly as a result and reduction appears appropriate here.

8. Both parties agree that the hearing scheduled before the Board of Assessment Appeals on June 29<sup>th</sup>, at 8:30 a.m., be vacated; or, a hearing has not yet been scheduled before the Board of Assessment Appeals \_\_\_\_\_ (check if appropriate).

<div style="text-align: center;"><b>STIPULATION (As to Tax Year 2020 Actual Value)</b></div>	

Petitioner and Respondent hereby enter into this Stipulation regarding the tax year 2020 valuation of the subject property, and jointly move the Board of Assessment Appeals to enter its order based on this Stipulation.

Petitioner and Respondent agree and stipulate as follows:

1. The property subject to this Stipulation is located at:  
5750 Washington Street, Denver, Colorado.
2. The subject property is classified as Commercial property.
3. The County Assessor originally assigned the following actual value to the subject property for tax year 2020:

Improvements	<u>\$ 122,682</u>
Total	\$1,279,640

Land	\$1,045,000
Improvements	<u>\$ 10,000</u>
Total	<b>\$1,055,000</b>

6. Both parties stipulate and agree that the valuation as established above is binding with respect to tax year 2020 and that further adjustment, whether brought under legal or factual grounds, shall be precluded.

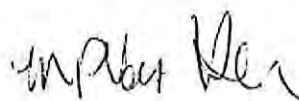

7. Brief narrative as to why the reduction was made: Additional consideration was given to the age of the property as an element of uniformity to similar like properties in the county. As a result, a minor adjustment is warranted.

8. Both parties agree that the hearing scheduled before the Board of Assessment Appeals on July 1<sup>st</sup>, at 8:30 a.m., be vacated; or, a hearing has not yet been scheduled before the Board of Assessment Appeals \_\_\_\_\_ (check if appropriate).

**Petitioner's Statement:**

Property reportedly includes residential stays beyond 30 days - thus, a residential rate should be utilized.

**Assessor's Report:**

**Situation :**

Property operates as Candlewood Suites, an extended-stay classified hotel. Petitioner provided DR-100 State of Colorado Documents that illustrated sales against taxed sales as reported by the operator. Claims appear to be inconsistent with prior year.

**Action :**

Reviewed DR-100 documents, which supports claim as indicated above. Processed these figures and an adjustment appears warranted at this time. The claims appeared inconsistent with the prior year. As a result, negotiated a 45% Residential and a 55% Commercial allocation.

**Recommendation :**

Upon further review, a classification change appears warranted for the 2019 abatement period.

### Petitioner's Statement:

Property reportedly includes residential stays beyond 30 days - thus, a residential rate should be utilized.

### Assessor's Report:

#### Situation :

Property operates as an extended-stay classified hotel. Petitioner provided DR-100 State of Colorado Documents that illustrated sales against taxed sales as reported by the operator.

#### Action :

Reviewed DR-100 documents, which supports claim as indicated above. Processed these figures and an adjustment appears warranted at this time. Once approved, Appraiser will amend account to reflect split. CAMA systems are currently down.

#### Recommendation :

Upon further review, a classification change appears warranted for the 2020 abatement period.

**2020 BOCC – SPOKE WITH KEN ON FRIDAY 7/23 – REGARDING BOCC REFUND FOR THIS PROPERTY – APPEARS THAT THE COST VALUE IS BEING SIGNIFICANTLY INFLUENCED BY THE PRESENCE OF INCORRECT HVAC SYSTEMS, WHICH VALUED THE PROPERTY AT 43M AT IF 100% COMPLETE. PETITIONER PROVIDED ACTUAL GMP COST WHICH EQUATED TO \$31.2M WITH NO PROFIT OR LAND. TOTAL FOR DEVELOPMENT AS DERIVED BY SCW, IS ~\$36.2M – AT THE 70% THRESHOLD, VALUE SHOULD BE APPROXIMATELY \$26.3M ALL IN. RAN AN INCOME APPROACH ON PROPERTY AND THIS VALUE COMES IN AT \$31.6M (ANALYSIS ATTACHED TO ACCOUNT), AND AT 70% THIS DERIVES A VALUE OF \$22.1M. IT SHOULD BE NOTED THAT THE MILL IN THIS DISTRICT IS 162.677, VERY HIGH FOR THIS MARKET AREA. ALSO REVIEWED 2021 VALUE, WHICH ASSUMING 70% COMPLETE IS \$21M. Re: Contract Cost Amendment

The purpose to this memo is to describe the change and increase of your financial responsibility. Effective January 01, 2021, there will be a change in the reimbursement for your Community Support Specialist (CSS). In 2014, the term of contract was changed to automatic renewal with written notification of any modifications that are to be made.

The Adams County Finance Department completed a Medicaid contract analysis and determined that ninety percent (90%) of these costs can be charged to Medicaid and the State of Colorado. For Medicaid eligibility processing with the remaining ten percent (10%) chargeable to the contracting entity. For activities which are not related to eligibility processing, eighty (80%) of the costs can be changed to Medicaid and the remaining twenty (20%) chargeable to the contracting entity. The current average percentage that will be charged to the contracting entity was calculated at thirteen percent (13%).

The below table reflects your 2020 and 2021 financial responsibility while the waiver is in effect.

	January 01, 2020	January 01, 2021
Average Annual Employee Cost (including benefits and coverage)	\$9862.27	\$11,922.14
Your Share of CSS Cost	\$821.86	\$866.04
Proportionate Supervisory, Coverage and Operational Costs	\$138.68	\$127.47
Total Financial Responsibility	\$960.54	\$993.51

Enclosed are two originals of the Contract Cost Amendment: please sign and return both originals to me, please feel free to contact me at 720.523.2305.

BOARD OF COUNTY COMMISSIONERS FOR  
ADAMS COUNTY, STATE OF COLORADO

RESOLUTION APPROVING CONTRACT COST AMENDMENT BETWEEN ADAMS  
COUNTY AND UNIVERSITY OF COLORADO HOSPITAL AUTHORITY TO PROVIDE  
MEDICAID APPLICATION PROCESSING SERVICES

WHEREAS, University of Colorado Hospital Authority has an agreement to reimburse the Adams County Human Services Department (ACHSD) to employ one Community Support Specialist to process Medicaid applications; and,

WHEREAS, current satellite Community Support Specialist deployments have resulted in reducing the typical Medicaid application processing time frame from 45-60 days to 7-20 days, significantly improving client services, and facilitating cost savings; and,

WHEREAS, without a Community Support Specialist, University of Colorado Hospital Authority would have to send application forms to the Human Services Center in Westminster, which would delay Medicaid eligibility determination, provision of medical services to needy families, and timely payment for those services.

NOW, THEREFORE, BE IT RESOLVED, by the Board of County Commissioners, County of Adams, State of Colorado, that the contract cost amendment between Adams County and University of Colorado Hospital Authority to provide a Community Support Specialist to process Medicaid applications at the University of Colorado Hospital Authority facility is approved.

BE IT FURTHER RESOLVED that the Chair is authorized to execute said agreement on behalf of Adams County and any program modifications and amendments.

Date: March 26, 2021

Re: Contract Cost Amendment

The purpose to this memo is to describe the change and increase of your financial responsibility. Effective January 01, 2021, there will be a change in the reimbursement for your Community Support Specialist (CSS). In 2014, the term of contract was changed to automatic renewal with written notification of any modifications that are to be made.

The Adams County Finance Department completed a Medicaid contract analysis and determined that ninety percent (90%) of these costs can be charged to Medicaid and the State of Colorado. For Medicaid eligibility processing with the remaining ten percent (10%) chargeable to the contracting entity. For activities which are not related to eligibility processing, eighty (80%) of the costs can be charged to Medicaid and the remaining twenty (20%) chargeable to the contracting entity. The current average percentage that will be charged to the contracting entity was calculated at thirteen percent (13%).

The below table reflects your 2020 and 2021 financial responsibility while the waiver is in effect.

	January 01, 2020	January 01, 2021
Average Annual Employee Cost (including benefits and coverage)	\$9862.27	\$11,922.14
Your Share of CSS Cost	\$821.86	\$866.04
Proportionate Supervisory, Coverage and Operational Costs	\$138.68	\$127.47
Total Financial Responsibility	\$960.54	\$993.51

Enclosed are two originals of the Contract Cost Amendment: please sign and return both originals to me, please feel free to contact me at 720.523.2305.

8.2. For Convenience: The County may terminate this Agreement at any time by giving written notice as specified herein to the other party. If this Agreement is terminated by the County, the Contractor will be paid an amount that bears the same ratio to the total compensation as the services actually performed bear to the total services the Contractor was to perform under this Agreement, less payments previously made to the Contractor under this Agreement.

**9. MUTUAL UNDERSTANDINGS:**

9.1. Jurisdiction and Venue: The laws of the State of Colorado shall govern as to the

interpretation, validity, and effect of this Agreement. The parties agree that jurisdiction and venue for any disputes arising under this Agreement shall be Adams County, Colorado.

- 9.3. OSHA: Contractor shall comply with the requirements of the Occupational Safety and Health Act (OSHA) and shall review and comply with the County's safety regulations while on any County property. Failure to comply with any applicable federal, state or local law, rule, or regulation shall give the County the right to terminate this agreement for cause.
- 9.4. - 9.7. Force Majeure: Neither party shall be liable for any delay or failure to perform its obligations hereunder to the extent that such delay or failure is caused by a force or event beyond the control of such party including, without limitation, war, embargoes, strikes, governmental restrictions, riots, fires, floods, earthquakes, or other acts of God.

- 10.7. Contractor shall comply with any reasonable requests by the Department of Labor and Employment (the Department) made in the course of an investigation that the Department is undertaking pursuant to the authority established in C.R.S. § 8-17.5-102(5).

In providing services under this Agreement, the Contractor acts as an independent contractor and not as an employee of the County. The Contractor shall be solely and entirely responsible for his/her acts, and the acts of his/her employees, agents, servants, and subcontractors during the term and performance of this Agreement. No employee, agent, servant, or subcontractor of the Contractor shall be deemed to be an employee, agent, or servant of the County because of the performance of any services or work

- 8.2. For Convenience: The County may terminate this Agreement at any time by giving written notice as specified herein to the other party. If this Agreement is terminated by the County, the Contractor will be paid an amount that bears the same ratio to the total compensation as the services actually performed bear to the total services the Contractor was to perform under this Agreement, less payments previously made to the Contractor under this Agreement.

OSHA: Contractor shall comply with the requirements of the Occupational Safety and Health Act (OSHA) and shall review and comply with the County's safety regulations while on any County property. Failure to comply with any applicable federal, state or local law, rule, or regulation shall give the County the right to terminate this agreement for cause.
- 9.4. - 9.6. Waiver: Waiver of strict performance or the breach of any provision of this Agreement shall not be deemed a waiver, nor shall it prejudice the waiving party's right to require strict performance of the same provision, or any other provision in the future, unless such waiver has rendered future performance commercially impossible.
- 9.7. ## PUBLIC HEARING AGENDA ITEM

<b>DATE OF PUBLIC HEARING:</b> September 14, 2021
<b>SUBJECT:</b> Resolution authorizing the acquisition of property interests necessary for the construction of the improvements for the York Street Improvements Project – East 78 <sup>th</sup> Avenue to East 88 <sup>th</sup> Avenue

<b>HEARD AT STUDY SESSION ON:</b>
<b>AUTHORIZATION TO MOVE FORWARD:</b> <input type="checkbox"/> YES <input type="checkbox"/> NO
<b>RECOMMENDED ACTION:</b> That the Board of County Commissioners authorizes the acquisition of property interests for the York Street Improvements Project by resolution.

### **BACKGROUND:**

Adams County has submitted and received funding from the Adams County Board of County Commissioners for the York Street Capital Improvements Program Project – East 78<sup>th</sup> Avenue to East 88<sup>th</sup> Avenue (hereinafter “Project”). The County has prepared construction plans, right-of-way plans and legal descriptions that determined the need to acquire various property interests from seventy-five (75) property ownerships. Negotiations with one fee owner of record, Yorktown Homes Association, have not moved forward. Adams County sent a Summary Statement and Offer to Acquire Property to Yorktown Homes Association on March 25, 2021, pursuant to C.R.S. § 38-1-121(1), and sent a Final Offer to Purchase to acquire Parcel RW-210 and TE-210, Yorktown Homes Association, on July 22, 2021, based on an appraisal of such property, to which Adams County received no response. To assure that the acquisitions can be obtained in a timely manner and not jeopardize project deadlines, County staff needs to have authority to use the power of eminent domain to acquire the property interests necessary for the Project should good faith negotiations be unsuccessful. The resolution allows the Board of County Commissioners to authorize the use of eminent domain to acquire property interests for the York Street Project.

## PUBLIC HEARING AGENDA ITEM

<b>DATE OF PUBLIC HEARING:</b> 9/14/21
<b>SUBJECT:</b> Adams County Private Activity Bond Allocation to Maiker Housing Partners

<b>AGENCY/DEPARTMENT:</b> Community and Economic Development Department
<b>HEARD AT STUDY SESSION ON:</b> 7/20/21
<b>AUTHORIZATION TO MOVE FORWARD:</b> <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
<b>RECOMMENDED ACTION:</b> That the Board of County Commissioners approves the resolution to allocate the 2021 Private Activity Bond Allocation to Maiker Housing Partners

**BACKGROUND:** Adams County receives a Private Activity Bond (PAB) allocation annually from the State of Colorado, administered by the Department of Local Affairs (DOLA). This allocation is an authorization to issue bonds and has no direct cash value. There are four options that the County may exercise: (1) issue the bonds, (2) assign the bond cap to another local issuer, (3) assign the bond cap to Colorado Housing and Finance Authority, or (4) allow the bond cap to revert to DOLA's statewide balance.

For 2021, the bond cap allocation is \$6,314,425. This is considered a relatively small amount of bond cap that is not economically feasible to issue directly. Maiker Housing Partners, another qualified local issuer, has requested an assignment of the full amount and would utilize the bond cap to assist in financing projects at 8775 S. Clay Street in Westminster, Colorado, known as Overlook at Uplands; 647 W. 91st Avenue in Thornton, Colorado, known as Overlook at Thornton; or such other project approved by the County.

## **2022 Land and Water Conservation Fund Grant Application for Colorado**

The Land and Water Conservation Fund (LWCF) Program was enacted by Congress in 1965 (P.L. 88-578) to create parks and open spaces; protect wilderness, wetlands, and refuges; preserve wildlife habitat; and enhance recreational opportunities. The goal of the LWCF Program is to provide as much public outdoor recreation opportunities as possible.

The Colorado State Recreational Trails Program administers the LWCF Program for the entire State of Colorado. This program is a partnership between Colorado Parks and Wildlife (CPW) and The National Park Service (NPS). Eligible applicants include local, county and state governments that have management responsibilities over public lands or authorization from the land manager for the project work proposed.

Types of applications include:

- **Acquisition of land:** includes the acquisition of land designated for future outdoor recreation development. The site must be open to the public within 3 years of receiving acquisition funds. A plan for future development must be submitted with your application.
- **Development of outdoor recreation opportunities:** including, but not limited to: park development, trails, sports fields, picnic areas, playgrounds, swimming pools, campgrounds, support facilities, hunting or fishing access, etc.
- **Combination of Acquisition and Development:** acquisition and development of land for public outdoor recreation.

To be considered eligible, projects must implement statewide outdoor recreation goals presented in the 2019 Statewide Comprehensive Outdoor Recreation Plan ([SCORP](#)). **Priority** will be given to projects that:

- 1) Acquire or develop parks/outdoor recreation resources to increase opportunities to engage in outdoor recreation (such as creating parks/outdoor recreation resources in areas where none exist or there are not enough to support the size or demand of the population).
- 2) Maintain or renovate existing LWCF sites to increase sustainable access for resident and visitors (such as ensuring sites are ADA compliant to allow for better recreational access).

LWCF projects selected for funding must agree to maintain the site for public outdoor recreation in perpetuity. At a minimum, the agreed upon property boundary must encompass a viable public outdoor recreation area that is capable of being self-sustaining without reliance upon adjoining or additional areas not identified in the scope of the project. The area subject to Section 6(f) protection will be the entire park, open space, or recreation area being developed or expanded. Anything that the grant and match money funds must be included in the boundary.

On the next line(s), please list out the source of match funds. As a reminder, most federal funds are ineligible as match for LWCF grants. There are a few exceptions. If you have questions regarding match funds eligibility, please contact a Trails Grant Administrator.

**In-Kind:** These are donated goods and materials. This can include staff time (time outside of normal work hours or normal job function), volunteer hours, materials that are donated from a 3<sup>rd</sup> party, etc.

**Budget Categories:** Please break your budget into categories. They can include Construction, Supplies and Materials, etc. Within each category, please list out additional items such as Mobilization, Construction, Fill, Concrete, Landscaping Materials, etc. Include the quantity and cost of each. These numbers should multiply across and give a total number in Column E. Please then break each line down by CPW (LWCF) Funds and Match Funds.

A few things to keep in mind while you develop your budget:

- Do not round up or down.
- Do not use percentages.
- Lump sum as a quantity is not allowed.
- Double check your budget and make sure all lines multiply across correctly.
- Double-check the total Project Cost and make sure you have met the 100% Required Match.
- Make sure your budget totals match what was entered in the project information area of the application.

Please visit our website for an example budget as well as a list of Eligible and Ineligible Budget Items. Contact the LWCF grants administrator if you have questions.

## *Application and Revision Form (A&R)*

This is required for all new Land and Water Conservation Fund (LWCF) project applications submitted to the National Park Service (NPS). Section 1, 2 and 3A & B of the form captures administrative and descriptive details enabling the NPS to understand the proposal. Section 2.1 is for Acquisition and Combination Grants (projects that involve both Acquisition and Development) only. If you are applying for a Development grant, you can skip that section. Section 2.2 is for Development and Combination Grants. Section 3C is the Environmental Resources Survey, which must be completed for all projects. Upon completion, the Environmental Resources Survey will indicate the resources that could be impacted by the proposal enabling States and/or project sponsors to more accurately follow an appropriate NEPA analysis: 1) a recommendation for a Categorical Exclusion (CE), 2) production of an Environmental Assessment (EA), or 3) production of an Environmental Impact Statement (EIS). The environmental survey should also be used to document any previously conducted yet still viable environmental analysis if used for this federal proposal. The completed A&R form must be submitted as part of the State's LWCF proposal to NPS.

Please complete the A&R document that can be found on our webpage [2022 Available Applications - Land and Water Conservation Fund \(LWCF\)](#). Please make all answers discernible from the associated question by using blue font or bold letters. Please feel free to embed figures/images or refer to supporting documentation where necessary.

A separate list of Categorical Exclusions can be found on our webpage [2022 Available Applications - Land and Water Conservation Fund \(LWCF\)](#). Most trail projects fall under Categorical Exclusion C-12 or F-5. If this project does not qualify for a Categorical Exclusion, an Environmental Assessment (EA) or Environmental Impact Statement (EIS) will be required. If you have already completed an EA or EIS, please include an electronic copy with your response packet, as well as any habitat evaluations, Army Corps of Engineer Permits, the avoidance or mitigation of environmental impacts regarding your project, etc.

## *IPaC Resource List*

The Information for Planning and Consultation (IPaC) report is a US Fish and Wildlife Service (FWS) online project planning tool to initiate Threatened and Endangered Species consultation which can satisfy Section 7 of the Endangered Species Act. The IPaC report will provide a list of any Threatened & Endangered species, critical habitat, migratory birds, or other natural resources that may be impacted by your project. We ask that you provide this with your application so that our wildlife staff can review the potential impacts to these resources and provide a determination to the NPS. Here are instructions on how to pull an IPaC Resource List:

- 1) Go to the IPaC website: <https://ecos.fws.gov/ipac/>
- 2) Click on Get Started
- 3) The easiest and most accurate way to pull the report is to upload shape files that define your project area. To do this, simply click on Upload Shape Files, choose your shape file folder, and hit OK.
- 4) Once you confirm the project area is correct, hit Continue.

## EXHIBIT A

5) Next, click on 'Print Resource List' and 'I'm Printing this page for other purposes'. Save as a PDF, and you're done!

If you do not have shape files, you can type in the name of your park or city/town, and zoom into your project area. Once you have found it, use the Sketch or Line tool to draw around your project area. Once you have drawn around your entire project area, hit 'Finished Drawing'. Confirm the area is correct, hit Continue, Print Resource List, and save as a PDF.

If you have Natural Resource Staff that can review this and comment on the presence of the listed species, that is helpful to include. Otherwise, CPW staff will review the report.

If you need assistance with pulling this report, please don't hesitate to reach out to the LWCF Grant Administrator, Megan Sims, and she will be happy to assist you.

### *Project Boundary Map, Vicinity Map, Site Plans*

**Boundary Map:** Depict the area that will be maintained and operated in perpetuity for public outdoor recreation. Include the following on the boundary map.

- Project defined boundary
- Acreage within the boundary
- GPS corner points, latitude and longitude
- Street names, mileposts, entrances into the park
- Any rights-of-way, easements, utility corridors, or non-public or non-recreational uses that should be excluded from 6(f) protection
- If the project is a trail, please include trail length and width. If the trail runs through a park or other type of property, the map must include the entire parcel.
- Must include anything grant or match money will fund

**Please include Shape or KML files with your application submission that include the entire project boundary. This must include anything that grant or match money will fund. If this proposal is a trail, please also include all parks that the trail goes through.**

**Vicinity Map:** Show the project area in relation to the neighborhood or larger community, and to Colorado. Include street names or mileposts, park entrances, a north arrow, and local landmarks.

**Site Plan:** Label or depict in a legend both existing and proposed features within the site boundary. Indicate which specific features or elements, if any, would be assisted with this LWCF application.

### *Control and Tenure Information*

Federal guidelines require the grantee to demonstrate sufficient control over the project lands to ensure the property can be perpetually used for public outdoor recreation. Please provide evidence of your agency's control over the property. Fee title ownership is preferable for LWCF projects. Leases and

## EXHIBIT A

easements may be considered depending on the terms of the agreements. Leases from one public agency to another, or the federal government must have at least 25 years remaining on the lease and the terms must allow the perpetual outdoor recreation requirements. Easements must be perpetual and allow perpetual public outdoor recreation.

- Attach or describe documentation of your agency's perpetual control of the land as depicted on the Boundary Map.
- For fee title lands, provide a description of how it is recorded in the county clerk and recorder's office (county name, date and name of the document, reception number and/or book and page number).
- For easements or leases, please provide a copy of the agreement with your application.

Provide the legal description of the property boundary. Acceptable methods of describing the boundaries include deed references, adjoining ownerships, adjoining easements of record, adjoining water bodies or other natural landmarks, metes and bounds, government survey, and measurements from permanent locators. Identify the township, section number(s), and range, as well. A formal survey is not required, but is often used for this purpose. If the project involves a trail, the linear feet and width of the trail should be specified.

- Attach a legal description to LWCF Boundary Map or describe the project boundaries.
- Identify where there are public egress and ingress points to the project site.
- Provide a map indicating the ownership of each parcel located within the project boundary.

### *Agency Coordination and Section 106*

**Agency Coordination:** Colorado's LWCF program is not covered under the "Single Point of Contact Intergovernmental Review System." Therefore, applicants must send notices of intent to any party that may have jurisdiction or be affected by the project (state, federal, tribal, regional or local entities). Notices shall include a project description, project area map, an address where comments may be sent, and deadline for comments. Submit a copy of notices or list of entities contacted with this application.

**Section 106:** Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies to take into account the effects of their undertakings on historic properties and afford the Advisory Council on Historic Preservation a reasonable opportunity to comment on such undertakings. Since LWCF projects are federally funded, all LWCF projects selected for funding must go through a Section 106 review.

In order for CPW to initiate the Section 106 review, applicants must complete a file search for cultural resources or surveys of the project area. Information on how to request a file search can be found here: <https://www.historycolorado.org/file-access>. Please cc State Trails ([dnr\\_trails@state.co.us](mailto:dnr_trails@state.co.us)) on your request to OAHP and provide a copy of the results with your application. The Office of Archaeology and Historic Preservation (OAHP) uses a system called Compass that is free for Certified Local Government and Mainstreet programs.

## EXHIBIT A

If selected for funding, CPW will contact the State Historical Preservation Office (SHPO) to request a Section 106 review. If a cultural survey has been completed for this project area, please include a copy with your application as this can help the Section 106 review. It is also helpful to include pictures of the site showing the current use and level of disturbance. If your project is in a previously undisturbed, unsurveyed area, SHPO may require the completion of a Class III Cultural Resource Survey. While CPW will facilitate the consultation with SHPO, your organization will need to hire and pay for any required surveys.

Additional information on the Section 106 Consultation with SHPO can be found here:

<https://www.historycolorado.org/section-106-state-register-act-review-and-compliance>.

## PROJECT NARRATIVE

## EXHIBIT A

**PROJECT NARRATIVE (cont. if needed)**

# EXHIBIT A

## PLEASE USE THE FOLLOWING BLANK PAGES TO ANSWER THESE CRITERIA QUESTIONS

### #1 – Extent of Outdoor Recreation Needs – 20 Points

What is the extent of deficiency (based on quantity or quality) of close-to-home outdoor recreation areas/resources within walking distance of the target neighborhood, and the degree to which the project will serve the most economically disadvantaged populations.

**Priority** will be given to projects that:

- 1) Acquire or develop parks/outdoor recreation resources to increase opportunities to engage in outdoor recreation (such as creating parks/outdoor recreation resources in areas where none exist or there are not enough to support the size or demand of the population);
- 2) Maintain or renovate existing LWCF sites to increase sustainable access for resident and visitors (such as ensuring sites are ADA compliant to allow for better recreational access).

- Describe the amount of, and types of, existing recreation resources within both a .5 and 1-mile radius of the proposed project area/site. (*Support the attached Recreation Map.*)
- Describe the specific deficiencies as they relate to the lack of, or inadequacy of, local outdoor recreation areas/uses.
- Describe how the deficiencies were identified.
- Describe the recreation service area of this park and the estimated number of people who live within .5 and 1 mile.
- State, statistically, where the local community falls within the poverty scale for economically disadvantaged populations relative to the county and state and include any other relevant economic and demographic information.

### #2 – Project Alignment with SCORP and Other Application Plans – 20 Points

This criterion assesses the degree to which the project advances or is otherwise tied to the priority recreation needs and/or goals of the applicable State Comprehensive Outdoor Recreation Plan (SCORP) and other relevant park and recreation plans. Projects can also receive credit for aligning with or advancing priorities of other comprehensive or master plans at the city, regional, and/or state level (such as community revitalization, economic development, or open space plans).

**Priority** will be given to projects that best meet 1) at least 1 goal or need that is clearly identified in the SCORP, and 2) at least 4+ additional, applicable planning documents at different levels of government and/or private sector initiatives. [Colorado's SCORP](#)

- State the specific SCORP goals or needs that the proposed project will advance or implement, and explain how this project addresses each goal/need.
- Describe any other park or outdoor recreation plan (provide date of plan) that the project advances or supports, and state precisely how the proposed project aligns with it/each.
- Describe any other relevant city, regional, or state plans or initiatives (provide date of plan) that the project advances or supports, and state precisely how the proposed project aligns with each.

### #3 – Wildlife and Natural Resources – 15 Points

How were CPW staff engaged in the planning process to help evaluate and address potential impacts to wildlife and natural resources of the park or outdoor recreation facility?

# EXHIBIT A

Priority will be given to projects that best show how they integrated CPW suggestions to address any potential wildlife impacts in their proposal.

- Describe how impacts to wildlife and habitat were evaluated, avoided, and/or minimized. What factors were considered to avoid large blocks of less disturbed sensitive environmental resources such as wildlife habitat or wetlands in the planning process?
- Describe the aspects considered to evaluate wildlife connectivity across the landscape to avoid and/or minimize the potential for fragmentation. If necessary, describe any plans for avoiding and/or minimizing wildlife and natural resource impacts.
- Describe how the applicant will help support the land manager in implementation. For example, if a season closure is recommended, what are the dates of the closure and how will it be implemented to be effective (signage, gates, game cameras, etc.)?

## **#4 – Appropriateness of Project to Meet Community Outdoor Recreation and Economic Needs – 15 Points**

How will the proposed project meet the need(s) for newly created or significantly enhanced outdoor recreation resources within the target community/population, and the level to which it provides short-term and/or permanent employment opportunities, particularly within the same target community, and/or helps to generate economic benefits for the community at large.

**Priority** will be given to projects that 1) create new outdoor recreational areas/resources, **or** comprehensively enhance the quality of existing park/outdoor recreation areas. This includes areas that are so deteriorated/obsolete that major rehabilitation is necessary to significantly increase the number of people or user groups who could be served in a way that would be equivalent to a new park, and 2) providing the greatest amount of short-term/permanent employment opportunities and overall economic benefits to the community.

- Describe how the proposed project will create or significantly improve access to close-to-home park and recreation opportunities for the project's target communities.
- Describe the new or expanded types of outdoor recreation opportunities and/or capacities that will be created as a result of the project.
- Describe the activities and uses for the project site after acquisition and/or development.
- Estimate the anticipated increase in the number of people and/or types of user groups that will newly be able to recreate as a result of the project and how this impact was determined.

Describe the anticipated economic benefits that will be produced by the project such as short- and long-term employment opportunities and/or community-wide economics benefits stimulated by the project.

## **#5 – Community Involvement in and Support of Proposed Project – 15 Points**

What is the level of supportive partnership building involved in the development and implementation of the project among the project sponsor, residents of the target community to be served by the park or outdoor recreation resource, government agencies, the private sector, and community and/or conservation organizations?

**Priority** will be given to projects that 1) Demonstrate the highest degree of effort or initiative to engage residents of the communities in the project's development. 2) Demonstrate the most significant amount of collaboration among the public and private sectors, including multiple levels of government, private/non-profit organizations, and community groups. 3) Demonstrate support for the project through contributions of cash, land, equipment or other resources to the project, allowing for the matching share to be derived from *multiple* resources, particularly non-public resources.

## EXHIBIT A

- Describe the process that led to the development of this proposal. Focus on the efforts made to engage the public, especially the target community, and their participation in the project's design as well as that of other interested/affected entities. Include details such as number of meetings held and number of attendees, number of community members contacted, number of responses received.
- Describe the partnerships or other collaborative efforts that have helped, or will help to, facilitate the project.
- Describe or provide evidence of local support for the project, particularly from the local community.  
(*Reference letters of support included with the application.*)

Describe how the project is/will be supported through contributions of matching share in the form of money, land, supplies, services, etc. (*Reference letters of support included with the application.*)

### **# 6 - Project Feasibility and Likelihood of Success – 15 Points**

What is the probability that the project will be successfully completed within the proposed timeline and budget, the viability of the proposed budget, and the ability of the project sponsor and partners to manage the project and maintain the park/resource in the future?

**Priority** will be given to projects that 1) Can break ground within one year and will be complete and open to the public within 2 to 3 years. 2) Are managed by project sponsors and partners with proven experience in successfully managing similar projects with no problems. 3) Can demonstrate a clear capacity, and a plan, for successful long-term park management and protection. 4) Have budget costs that are clear, necessary, reasonable, allowable, allocable, and 5) have matching share that is fully secured.

- Describe the status of planning for the grant project and its readiness to be implemented. Support the accuracy of the established deadlines and milestones within the attached timeline.
- Describe if design has been completed, and if not, when you anticipate completing it.
- Describe any issues with the site that would prevent it from being open and available to the public within 2-3 years.
- Describe the relevant experience of those managing the various aspects of this project. If partners are involved, their role(s) should also be described.
- Describe how the park or recreation area will be managed and maintained, physically and financially, to assure permanent use for public outdoor recreation.

## PUBLIC HEARING AGENDA ITEM

<b>DATE OF PUBLIC HEARING:</b> September 14, 2021
<b>SUBJECT</b> 2021 Polymeric Compaction Aid
<b>FROM:</b> Raymond H. Gonzales, County Manager Alisha Reis, Deputy County Manager Nancy Duncan, Budget & Finance Director Jennifer Tierney Hammer, Procurement & Contracts Manager
<b>AGENCY/DEPARTMENT:</b> Public Works Department
<b>HEARD AT STUDY SESSION ON:</b> N/A
<b>AUTHORIZATION TO MOVE FORWARD:</b> <input type="checkbox"/> YES <input type="checkbox"/> NO
<b>RECOMMENDED ACTION:</b> That the Board of County Commissioners approves Amendment Two to the Agreement with G5 Biosolutions, Inc., for additional Polymeric Compaction Aid for Adams County gravel road maintenance and rehabilitation programs.

### **BACKGROUND:**

The County's Public Works Department has implemented an accelerated gravel road rehabilitation program. This program includes utilizing various soil/gravel additives that enhance performance, create efficiencies and promote sustainable resources and infrastructures.

A formal invitation for bid (IFB) for Polymeric Compaction Aid Materials and Services was publicly advertised through BidNet on December 9, 2019. G5 Biosolutions, Inc. was awarded an Agreement to provide Polymeric Compaction Aid Materials and Services.

At the beginning of 2021, Public Works Operations had compaction aid inventory remaining from 2020 resulting from reduced work caused by the pandemic, therefore less product was anticipated for the 2021 order. Currently, many other products/commodities (asphalt, concrete, stabilizers) are experiencing price increases and shortages which has provided opportunity for additional work that utilizes compaction aid in the absence of those functions. It has also been realized with the addition of new equipment, our ability to perform more compaction aid work is possible.

Original Contract Amount	\$ 419,400.00
Amendment One	\$ 99,199.80
Amendment Two	\$ 151,161.60
<b>New Total Contract Value</b>	<b>\$ 669,761.20</b>

It is recommended that Amendment Two be approved in the amount of \$151,161.60 for a total not to exceed agreement amount of \$669,761.20.

- (a) Subject to final approval by the BoCC, the Community Safety and Well-Being Department (the “Department”) is hereby authorized to determine that there is a need to restrict parking of vehicles on the streets in a designated residential area by individuals who do not reside in that area.
- (b) The determination that an area should be designated as a Residential Parking District may be made based on a finding that unrestricted parking could cause hazardous traffic conditions in the residential area; produce excessive auto emissions, noise, trash and/or refuse; unreasonably burden access by area residents to their residences; damage the character of the area; or diminish the value of property in the area.
- (c) The determination that an area should be designated as a Residential Parking District may be made if sixty percent (60%) of the households within the designated area support such determination.

- (g) If the Residential Parking District is approved by the BoCC, the Department shall publish information about the restrictions on the county website and install Parking Control Devices in the restricted area that describe the restrictions and provide notice that vehicles parked in violation of the applicable restrictions will be subject to ticketing, fines, and/or impoundment.
- (h) If the parking restriction limits parking to residents of a District, resident permits shall be obtained from the Department. Resident parking permits shall be assigned to all residents of the designated area who provide their vehicle information.
- (i) Holders of parking permits issued in accordance with the terms of this Ordinance shall have unrestricted parking access within the District that they reside, provided that such parking shall be in accordance with all other existing laws, ordinances, rules, and regulations.

Report Date:	August 30, 2021
Case Manager:	Nick Eagleson, Senior Strategic Planner
Recommendation:	Approval with 6 Findings-of-Fact

**SUMMARY OF APPLICATION**

**Background**

The owner of the property, iHeartMedia + Entertainment, successor-in-interest to Doubleday Broadcasting Company, Inc., in Adams County is requesting the vacation of an easement located on parcels 0172105200004 and 0172105200006, with an address of 6105 E. 120<sup>th</sup> Avenue, that was part of an agreement for the dedication of right-of-way along E. 120<sup>th</sup> Avenue.

The owner, iHeartMedia + Entertainment is requesting that the easement, as provided in Warranty Deed recorded in Book 2577, at page 948 be vacated and released due to the easement never having been improved, as shown as Exhibit "A" of said Deed. The easement was originally dedicated in 1981 for the use of the public as a potential hiking trail, bike path, jogging path, picnic area, and related uses.

### **Development Standards and Regulations Requirements**

Per Section 2-02-18-08-06 of the County's Development Standards and Regulations, the proposed Easement Vacation must conform to the requirements of the County's Development Standards. The vacation cannot result in the creation of nonconforming lots, and in the case of nonconforming lots, the nonconformity cannot be increased. No parcel can be created without access because of the street right-of-way vacation. The subject request must not adversely affect the public health, safety, and general welfare.

The subject request is consistent with the requirements of a Capital Improvement Project for the dedication of right-of-way and an easement within Adams County. In addition, staff reviewed the cancellation of the project as provided, and determined that the proposed vacation of this easement conforms to the requirements outlined in the County's Development Standards and Regulations. The vacation would not result in the creation of a parcel being created without access. The vacation request will also not adversely affect the public health, safety, and general welfare.

### **Future Land Use Designation and Goals of the Comprehensive Plan**

The Comprehensive Plan designates the subject site as Urban Residential. Urban Residential is defined as areas designated for single and multiple family housing, typically at urban densities of one dwelling per acre or greater. These areas are intended to provide for development of residential neighborhoods with a variety of housing types, with adequate urban services and transportation facilities. Urban residential areas may include supporting neighborhood commercial uses designed to serve the needs of nearby residents.

The easement vacation will have no effect on the Future Land Use designation, as the subject properties and surrounding properties are currently vacant or developed in conformance with it.

### **Site Characteristics:**

The subject properties owned by Clear Channel Broadcasting total approximately 24 acres in size and are used as the location for four radio towers. Meanwhile, the easement that is proposed to be vacated is located at the northwest corner of the site, directly adjacent to 120<sup>th</sup> Avenue.

### **Surrounding Zoning Designations and Existing Use Activity:**

<b>Northwest</b> <u>City of Thornton</u> Institutional Use	<b>North</b> <u>PUD</u> Multi-Family Residential	<b>Northeast</b> <u>PUD</u> Single-Family Residential
<b>West</b> <u>City of Thornton</u> Single-Family residential	<b>Subject Property</b> <u>A-1</u> <u>Vacant / Radio Towers</u>	<b>East</b> <u>City of Thornton</u> Single-Family residential
<b>Southwest</b> <u>City of Thornton</u> Single-Family residential	<b>South</b> <u>City of Thornton</u> Single-Family residential	<b>Southeast</b> <u>A-1</u> Agriculture

### **Compatibility with the Surrounding Land Uses**

Vacation of the easement is compatible with the surrounding area. The majority of the properties immediately surrounding the applicant's site are developed with single-family dwellings. This request would bring the subject properties more into conformance.

The Easement Vacation will not negatively impact surrounding uses that exist in the immediate vicinity or throughout the County, as the overall application would not remove existing points of access for any developed lots and would instead remove a condition that currently exists for the property located adjacent to the public roadway. The original easement dedication was likely in support of a larger trail development project that never came to fruition.

### **Staff Recommendation**

Based upon the application, the criteria for Roadway Vacation approval, and a recent site visit, staff recommends Approval of this request with 6 Findings-of-Fact.

### **Findings of fact:**

1. The easement vacation complies with these standards and regulations and the original conditions of approval.
2. Nonconforming lots are not created, and in the case of nonconforming lots, the nonconformity is not increased.
3. The easement vacation is in keeping with the purpose and intent of the subdivision regulations.
4. The approval will not adversely affect the public health, safety, and welfare.
5. The vacation does not leave any land adjoining the roadway without an established public road or private access easement connecting said land with another established public road.
6. If the roadway is a state or federal highway, the vacation has been approved by the state transportation commission.

ADAMS COUNTY, COLORADO  
4430 S. Adams County Parkway  
Brighton, CO 80601-8216

To Whom It May Concern,

The purpose of this application is to "vacate" an easement granted to Adams County on property located approximately 120<sup>th</sup> and Holly Street known as parcel #'s 0172105200004 and 0172105200006. The easement was granted to Adams County in 1981 in Book 2577, Page 946, Exhibit "A." The easement was an exhibit to a Right of Way deed given to Adams County for the dedication of 120<sup>th</sup> Avenue. The applicants and owner are not requesting any changes to the actual Right of Way deed; but rather only the vacation of Exhibit "A" is the sole purpose of this application. To date, Adams County has never utilized the easement and the owners/applicants are requesting to release this encumbrance from the property. A copy of the exhibit and the original deed have been submitted with this application.

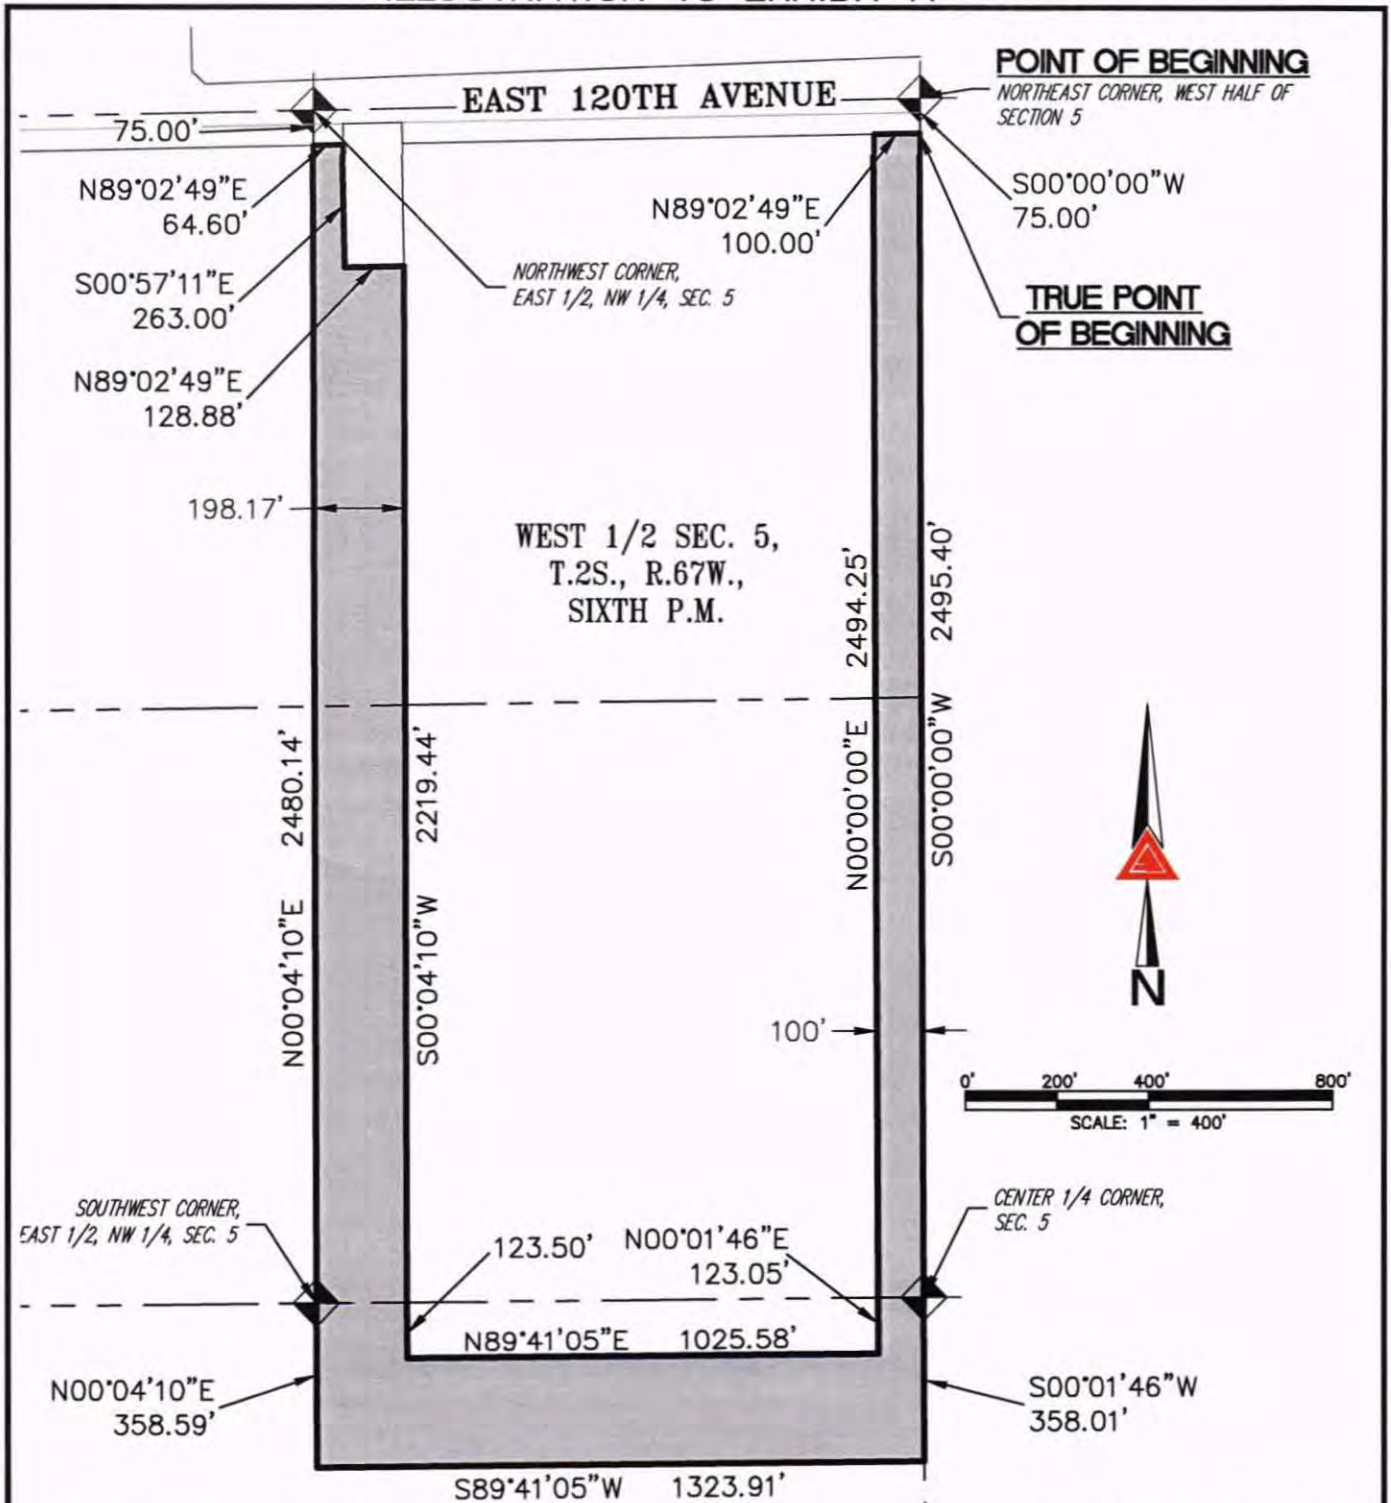

Sincerely,

A handwritten signature in black ink, appearing to read 'Ryan Carlson', with a long horizontal flourish extending to the right.

RE: Outside referral for VAC2021-00001 – Sunrise Easement Vacation

Mr. Eagleson:

The City of Thornton staff have reviewed the proposal for VAC2021-00001 – Sunrise Easement Vacation and have provided the following comments. I want to note that the Adams County website has been down for several days now, making it difficult to respond to this request for some of the reviewers. More information may be needed to fully comment.

**Devevelopment Engineering (Cassie Free, 303-538-7207):**

1. There is existing road ROW in this area that the City would not be supportive in vacating as it provides for future connection to 120th and is already being shown as an access to City of Thornton property.
2. If they are still annexing then this should all be completed with the development as it moves forward in the City.

**Infrastructure (Jim Kaiser, 720-977-6266):**

1. Portions of this easement is in a FHAD Floodplain. Stormwater easements should be dedicated over the FHAD floodplain through the entire lot. At the very least, areas that are presently public rights-of-way should have drainage/floodplain easements dedicated prior to any vacation of a right-of-way.
2. There are proposed waterline easements in this area. The city should not have to pay for easements on what is presently public Rights-of-Way. There also is a development proposal for this lot. Why is this occurring outside of the annexation/development process?
