

## **Xcel Energy North Metro Natural Gas Pipeline Project**

### **Adams County Weekly Report**

**Week of July 23, 2018**

#### **Project Overview**

Xcel Energy is installing a new 5-mile-long, 24-inch-diameter pipeline that begins at the Cherokee Power Plant in Adams County. This new pipeline will allow us to continue to provide the safe and reliable natural gas service our customers expect.

#### **Lane Closures**

Currently, there are shifting lane closures along Washington Street, between 52nd and 54th avenues.

#### **Detours/Alternate Access**

For the activities within Washington Street, between 52nd and 54th avenues, traffic will continue to use Washington Street.

Area commuters, pedestrians and cyclists should expect traffic flaggers, construction traffic and potential delays to navigate through the work areas. For your safety and the safety of the crews, please follow all posted detour signs and directions from construction personnel.

#### **Contact**

For additional project information, please visit the project website at [www.xcelenergynorthmetrogaspipeline.com](http://www.xcelenergynorthmetrogaspipeline.com), call the project hotline at **855-244-2356** or email the project at [info@xcelenergynorthmetrogaspipeline.com](mailto:info@xcelenergynorthmetrogaspipeline.com).
