### **STUDY SESSION AGENDA ITEM**

**DATE:** August 9, 2016

**SUBJECT:** Making Connections in Southwest Adams County Planning & Implementation Plan-Update on Top 10 Projects

FROM: Abel Montoya, Director

AGENCY/DEPARTMENT: Office of Long Range Strategic Planning

ATTENDEES: Abel Montoya, Rachel Bacon, Rebecca Zamora, Lori Wisner, Carolina VanHorn

PURPOSE OF ITEM: Information

**STAFF RECOMMENDATION:** Information

#### BACKGROUND:

Provide information regarding the process to get to the draft Top 10 Project List for the Making Connections in Southwest Adams County Planning and Implementation Plan.

Additional information on the Making Connetions Plan may be viewed online at: www.adcogov.org/makingconnections ---

#### AGENCIES, DEPARTMENTS OR OTHER OFFICES INVOLVED:

## MAKING CONNECTIONS/ SW ADAMS COUNTY

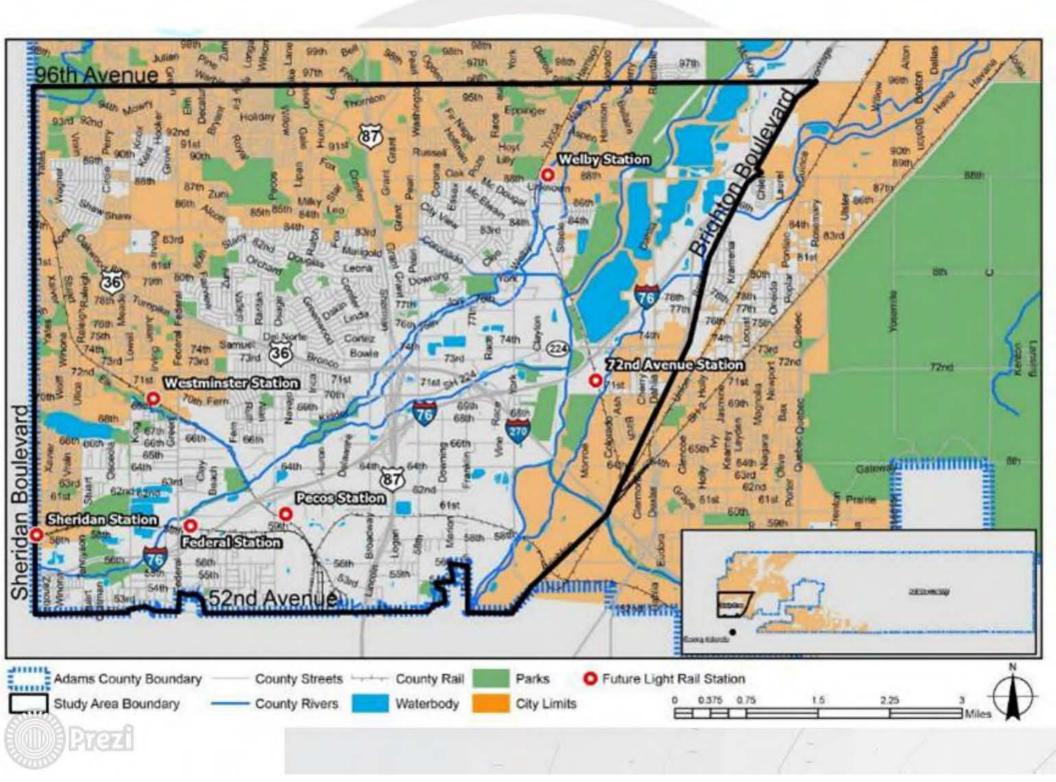

ADAMS COUNTY

**Planning and Implementation Plan** 

### Status Update BOCC August 9, 2016

Making Connections Plan Study Area: 13,177 Acres

1/8 of the area is within a half mile radius (10-minute walk) of one of six planned RTD FasTracks commuter rail stations

## The RTD FasTracks Plan

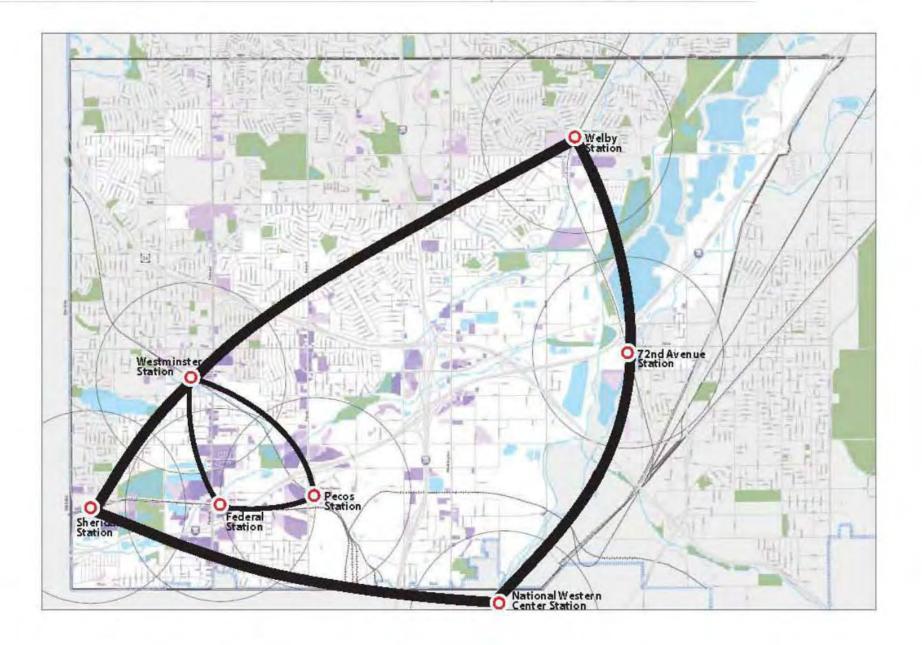

- 122 miles of new light rail and commute rail
- 18 miles of bus rapid transit (BRT)
- 31 new Park-n-Rides; 21,000+ parking spaces
- Enhanced bus network and transit hubs
- Redevelopment of Denver Union Station
- 57 new rail and/or BRT stations
- Opportunities for Transit-Oriented Communities

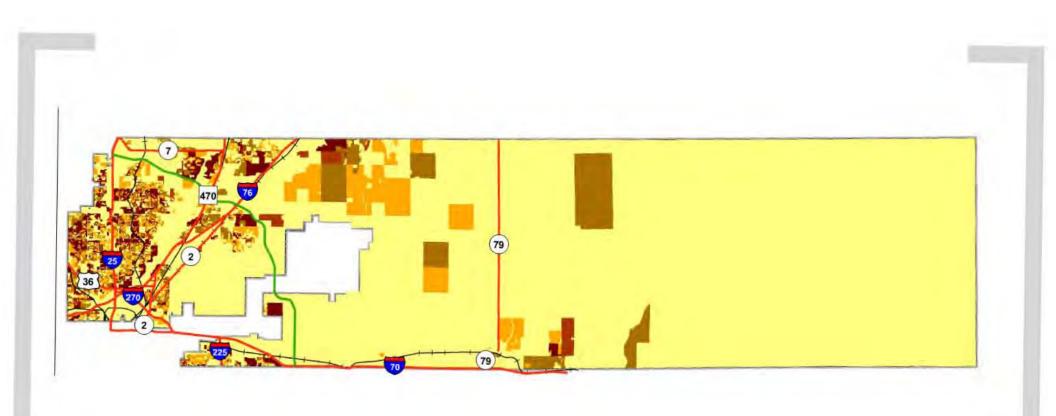

Å

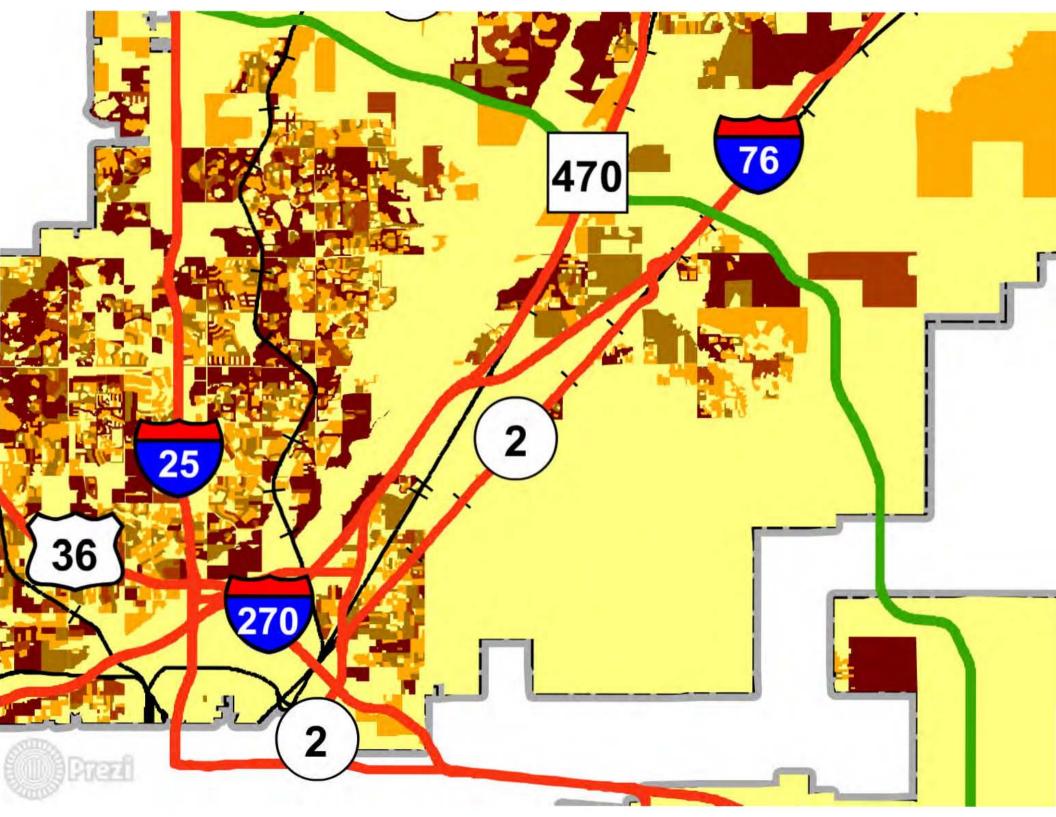

### The RTD FasTracks Plan

122 miles of new light rail and commute rail

Nearly 17% of **Adams County** residents live here (less than 2% of the county land area). The county is expected to double in population by 2040.

## Planning in SW Adams County

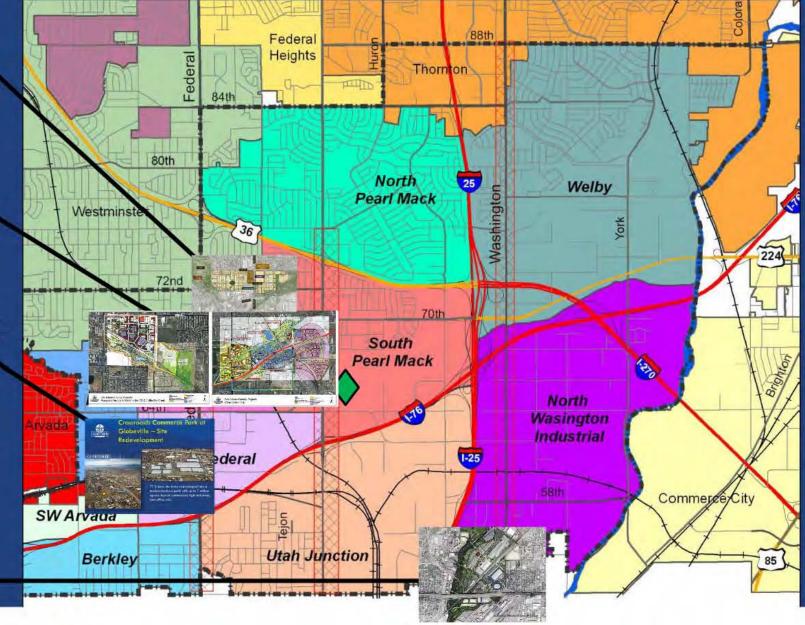

not to scale

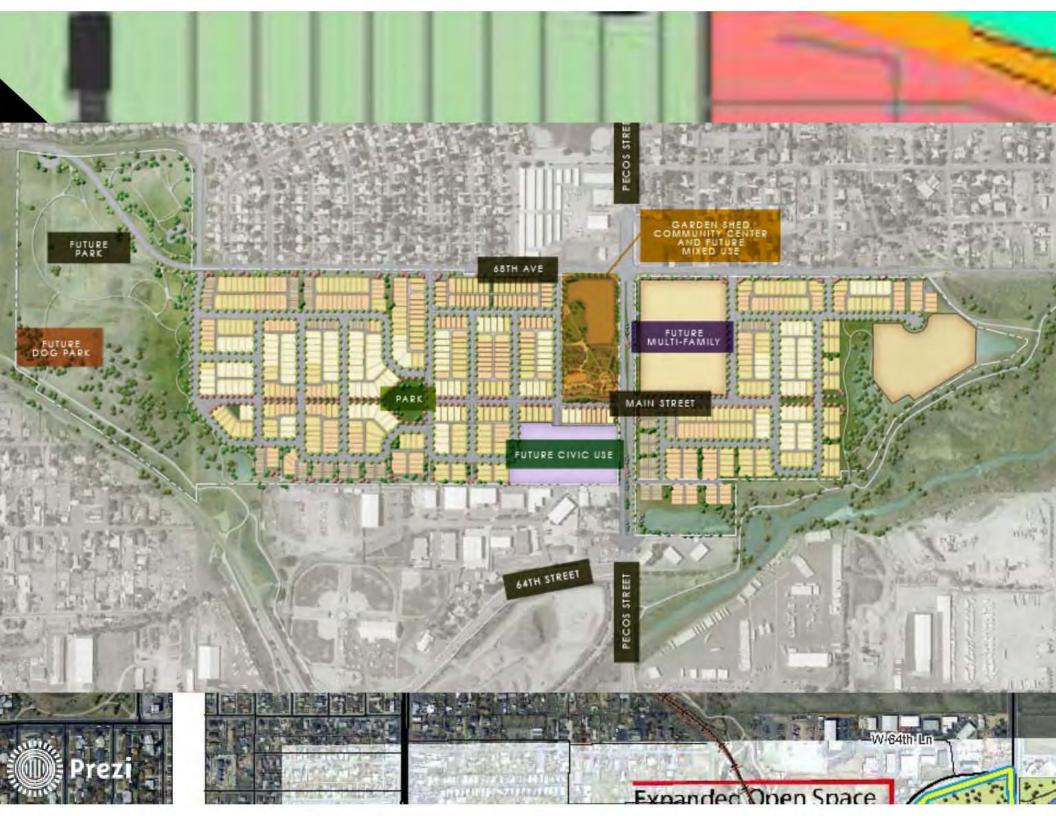

Midtown

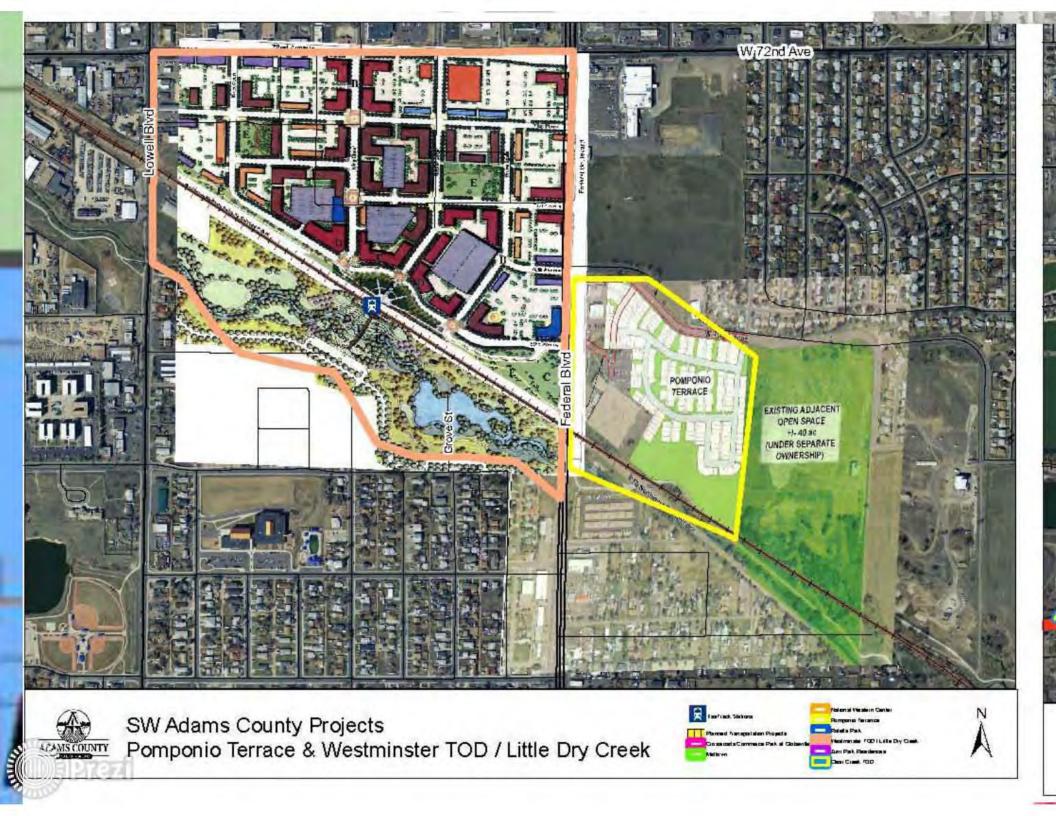

Pomponio Terrace

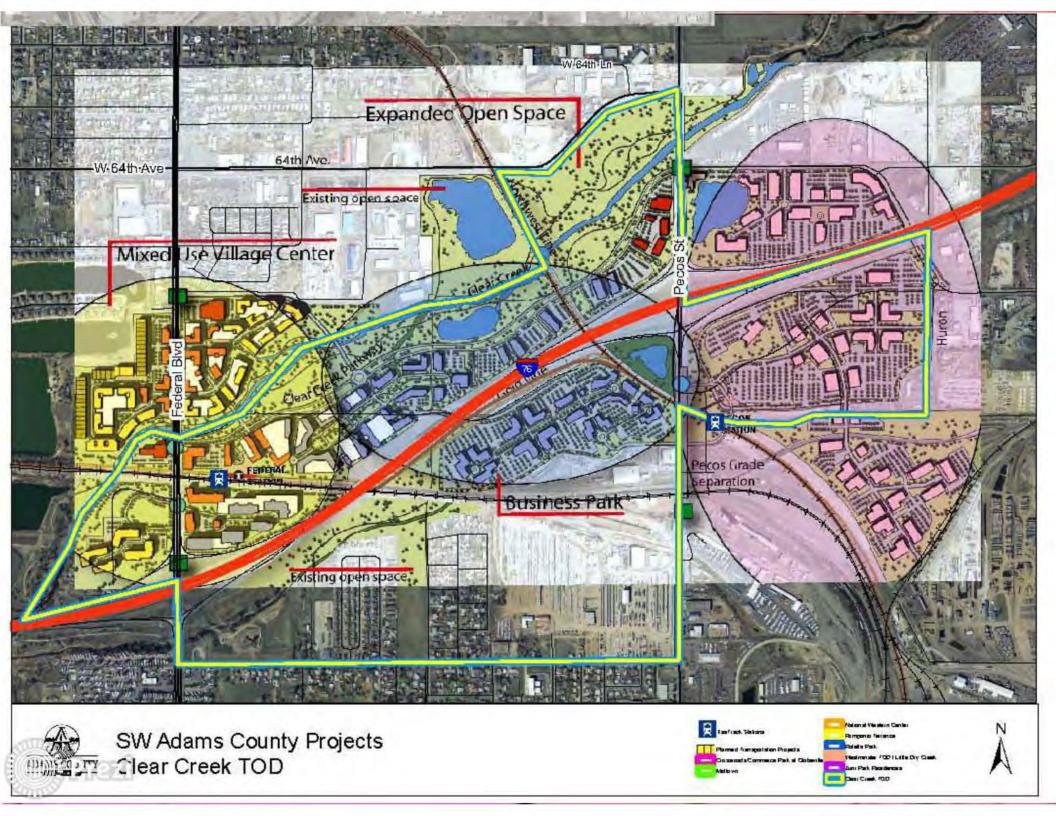

Clear Creek Transit Village

Crossroads Commerce Park at

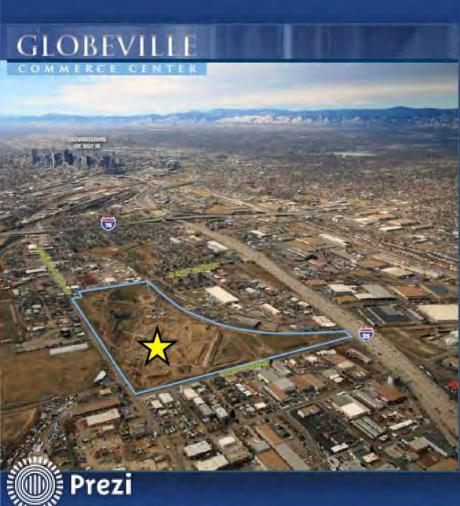

## Crossroads Commerce Park at Globeville – Site Redevelopment

77.5-acre site to be redeveloped into a modern business park with up to 1 million square feet of commercial, light industrial, and office uses.

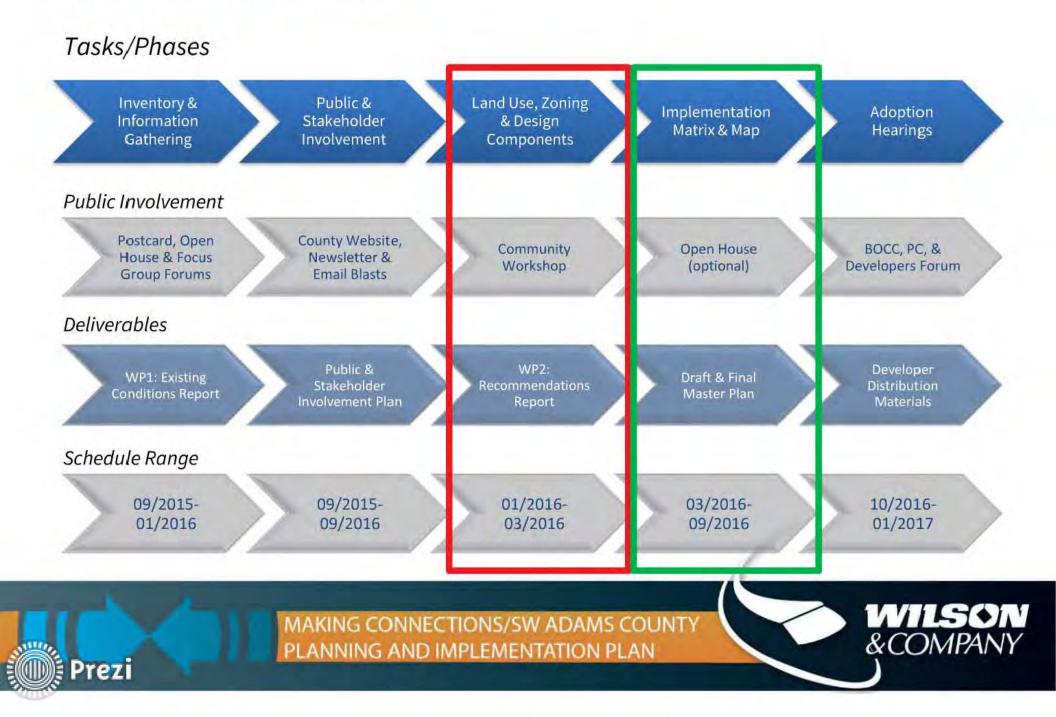

- August 16: Neighborhood Meeting: Review Top 10 Projects
- August 17 & 18: Focus Group + TAC
- September 26: Review Final Plan Draft
- October 27: Planning Commission public hearing and potential adoption
- December 6: Board County Commissioners public hearing and potential ratification

Table 2-2: Fublic and Stakeholder Involvement Summary

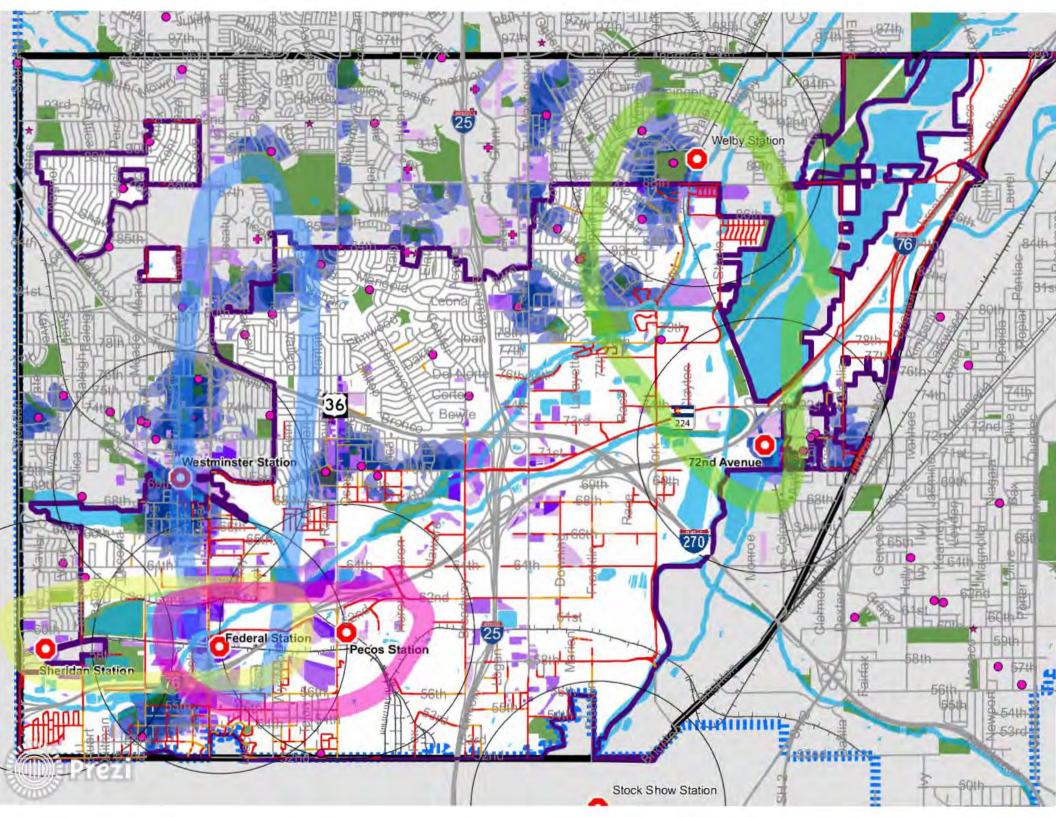

# Top 10 List

| Project Name                                | Brief Description  |
|---|--|
| Local Financing<br>Study                    | A detailed study of all the existing tools available to the County, and those that may not be currently available but might be considered for lobbying the state to change regulations to allow. The study would focus on all the tools available, creative financing, and return on investment. The purpose is tri-fold: 1) would be to create a handbook for multi-departmental education and training; 2) to help identify specific tools that can be utilized for priority projects and implementation of the Top 10; 3) identify and align funders, financing and partners to implement the Top 10 projects   |
| Plans to Projects<br>Program (P2P)          | A performance-based approach to planning, programming, and financial decision making that<br>ensures available funds are used on the most productive projects to meet overall objectives. Projects<br>will be selected for programming based on their contribution to the improvement of system<br>performance compared to other project and multidisciplinary support.  |
| Affordable Housing<br>Policy                | Create a comprehensive affordable housing policy for development. The policy should begin by focusing within one mile of a commuter rail station and primary existing transit lines. The policy should be expanded to the larger Making Connections Study Area and overall County after a baseline policy and applicability has been established. Additional study and concepts to explore include the relationship between the Balanced Housing Plan and the Affordable Housing Policy Study implementation program.  |
| Sidewalk/Pedestrian<br>Network Program      | A prioritization process to fill the identified gaps in the overall sidewalk network through an in depth<br>qualitative and quantitative analysis of existing sidewalk conditions and infrastructure. Would work<br>collaboratively with the ADA program.  |
| Complete Streets<br>Policy and<br>Standards | Develop a policy as well as a set of standards for all types of streets to promote a network of<br>complete streets to provide safe and reliable transportation for all users.   |
| Park and Trail<br>Improvements              | A set of Improvements to different county parks and trails to bring urban vitality by activating open space and providing an effective regional network of multi-use paths for non-motorized travelers. Includes: Federal Boulevard & Federal Station Area (ADCO Multi-Use Trail Improvement/ Development, Clear Creek to Jim Baker Reservoir; Welby Station and Welby Neighborhood Area (Clear Creek Trail Access - Syr CIP, West of Railroad-78 <sup>th</sup> to I-76, New/Improved Park/Open Space, York and I-76 New Park/Park Improvement); Clear Creek Trail Replacement - 5 yr. CIP; Twin Lakes Park Renovation - 5 yr. CIP; Allen Ditch Trail, Connecting 84th Ave to Zuni |
| The Federal<br>Connection                   | Comprehensive improvements to Federal Boulevard from 52nd Avenue on the south (border with Denver) to 72nd Avenue on the north (just inside Westminster). Nearly all of these previously identified projects would become part of a comprehensive PEL (Public and Environmental Linkages) Study effort.  |
| The Clear Creek<br>Connection               | New multi-modal streets, parks and trails improvements, and general infrastructure improvements in<br>the "Clear Creek TOD Plan" area along Clear Creek and between Federal Boulevard and Pecos Street,<br>particularly connecting between the RTD G Line Federal Station and the RTD G Line Pecos Station.  |
| The Sheridan<br>Connection                  | Filling in missing sidewalk and trail connections to/from the RTD G Line Sheridan station, including<br>connections to the RTD G Line Federal Station, to the Berkeley neighborhood to the south, and to the<br>City of Arvada. Sheridan BRT Corridor efforts.   |
| The Welby<br>Connection                     | The Welby Connection includes the addition of newly constructed streets along with existing roadway and intersection improvements to enhance the connectivity between the Welby neighborhood to the RTD Welby and National Western Center Stations. These improvements will differentiate ideal truck routes versus pedestrian prioritized areas.  |

A recent picture of Federal Boulevard looking south. Extensive curbcuts, head-in parking, limited landscaping, lack of street trees do not provide a pedestrian friendly environment.

A sketch showing the same sidewalk with 'boulevard' street cross section implemented. Buildings are closer to the street, curbcuts are elmininated, service lane with parking buffers the pedestrians from the faster flowing (0.3) are Federal.

WELFEL

Federal Connection projects: Westminster TOD (1), Westminster station (2), TOD Park (3), Northgate project (4), Pomponio Terrace (5) XXX Park (6), Clear Creek TOD (7 and 8), Federal Station (9).

Current conditions (shown is the block between W.65th Avenue and W. Hawthorne Place): Extensive curbcuts, head-in parking, limited landscaping, lack of street trees do not provide a pedestriari friendly environment.

"Boulevard' implemented with no change in businesses on private lots: Service roads provide opportunities for street trees. Head-in parking and sidewalk coexist.

### Next Steps:

- Feedback from BOCC, Public, TAC, Stakeholders (Focus Group + Cities) on Top 10-- August
- Develop 24 Page "Prospectus"
- Draft Plan out for referral September 2, 2016
- October & December public hearings
- Implementation: TOD Forums, CIP alignment, budgeting processes, grants, creative financing, etc.

#### **STUDY SESSION AGENDA ITEM**

#### **DATE: August 9, 2016**

**SUBJECT:** Marijuana Permitting – Status and Next Steps

FROM: Norman Wright, Director of Community & Economic Development

AGENCY/DEPARTMENT: Community & Economic Development

#### ATTENDEES:

Norman Wright, Director of Community & Economic Development

Kristin Sullivan, Deputy Director of Community & Economic Development

Nana Appiah, Development Review Manager

Andrea Berg, Customer and Process Development Manager

PURPOSE OF ITEM: To update the board on the current results of our Marijuana permitting process and recommend next steps for improving the effort

**STAFF RECOMMENDATION:** Modify current lottery process to an open offering for all reserve ticket holders for the next round of applications

#### BACKGROUND:

In 2015, the Board approved a lottery system to select participants in our new marijuana permit process. The lottery system awarded three individuals in each category (Retail, Manufacturing, Cultivation, and Testing) of eligible land uses with 10 total permits to be issued. To date, seven permits have been issued and three remain unissued after three rounds of applications and 18 months of administration. The 18 months spent administering the process has generated some overall findings on the program itself and has also led to questions and requests from current applicants and pending ticket holders. Some of those questions lead us to reexamine the current process and recommend a new approach to the next round of applications, which will tentatively begin on September 13<sup>th</sup>, 2016.

# Marijuana Licensing

Status and Next Steps Study Session August 9, 2016

## Permits Issued Thus Far

Retail 3 permits issued, 3 licenses issued

Manufacturing 2 permits issued, 1 license issued

Cultivation 2 permits issued, 0 licenses issued

Testing 0 permits issued, 0 licenses issued

## Permits Considered in Current Round

Manufacturing 1 permit under review, Mr. Spinosa

Cultivation 1 permit under review, Ms. Coto

Testing 1 permit under review, Mr. Scalia

# **Remaining Ticket Holders**

Manufacturing 9 ticket holders in queue

Cultivation 10 ticket holders in queue

Testing 2 ticket holders in queue

### Findings from Previous Applications

By design, there are few eligible sites

Available sites are even further limited by landowner hesitancy to lease to these uses

For cultivation, there is the obstacle of obtaining commercial water permits on ag land.

## **Options for Next Steps**

- A. Continue with current process
- B. End current process and shift to "open market" in September
- C. Modify current process for next six months

## Recommendation

### **Modify current process for next six months**

- Open all remaining slots to all ticket holders
- Provide six month timeline for completion
- Accept a maximum of three applications for each remaining slot
- First-come basis for acceptance, all submittals electronic for timestamp
- Review and respond to same-day applications simultaneously
- Issue permits based on first complete/approved application received
