

LAMBERTSON LAKES METROPOLITAN DISTRICT

2019 ANNUAL REPORT

TO

THE CITY OF THORNTON

Pursuant to the Service Plan of Lambertson Lakes Metropolitan District, the District is required to submit an annual report to the City of Thornton. The report for 2019 is submitted to the City of Thornton with regard to the following matters:

-
1. Boundary changes made or proposed.

There were no changes or proposed changes to the District's boundaries.

2. Changes or proposed changes in the District's policies.

There have been no changes in the District's policies.

3. Changes or proposed changes in the District's operations.

There have been no changes or proposed changes in the District's operations. The District, other than governmental administrative costs, does not have any physical operation obligations (ex. landscaping etc.) or responsibilities as those functions are performed by the community's homeowners' association and the City.

4. Any changes in the financial status of the District including revenue projections, or operating costs.

No significant changes in financial status occurred in 2019. The District is in bonded debt repayment mode. Governmental administrative costs have been fairly stable and revenue projections, which are influenced by annual changes in the assessed valuation within the District, have remained relatively constant.

5. A summary of any litigation which involves the District.

To the District's actual knowledge, based on review of the court records in Adams County, there is no litigation involving the District as of December 31, 2019.

6. Proposed plans for the year immediately following the year summarized in the annual report.

The District is in a debt repayment mode, and currently holds two regular board meetings annually. The District may, at its sole discretion, partner with the homeowners' association from time-to-time by providing co-funding for public purpose common area landscaping and recreation construction and installation costs in an effort to enhance the aesthetics of the entire community served by the District when the District deems such co-funding as being in furtherance of a valid public purpose.

7. Status or Public Improvement Construction Schedule.

Public infrastructure was previously completed and accepted by the City of Thornton.

8. Submission of current assessed valuation in the District.

Taxable assessed valuation for Lambertson Lakes Metropolitan District in 2019: \$20,746,900.

9. A certificate of compliance with the Thornton City Code.

*See compliance certificate (letter) attached hereto as **Exhibit A**.*

10. Annual financial statements as audited in compliance with GAAS, unless legally exempted from audits.

*See 2019 budget and year 2019 Audit Report attached hereto as **Exhibit B**.*

11. Copies of any filing made with the Security and Exchange Commission and or the N.M.R.S.R.S.

Not applicable as the District's debt is in the form of the 2016 Loan Agreement with Guaranty Bank and Trust Company. Annual disclosures required under the Loan Agreement are submitted to the Bank.

**Re: Lambertson Lakes Metropolitan District
2019 Annual Report - Certificate of City Code Compliance**

Dear City Clerk:

Pursuant to Section VI (B) of the Service Plan for Lambertson Lakes Metropolitan District (the “**District**”), an annual report must be submitted to the Thornton City Clerk by June 30th of each year following the preceding reporting year. The annual report must include a “certificate of compliance” with the Thornton City Code. The City has informed the District that a letter from the District’s general legal counsel, which states the District’s compliance with the City Code, is acceptable.

This letter shall serve as the District’s Certificate of City Code Compliance for the above referenced Annual Report. The District, by and through its attorney, states that neither the District nor its attorney has received any notice from the City that it is or has been in noncompliance with any provision of the City Code. Therefore, the District hereby states and affirms that it reasonably believes that it is in full compliance with the City Code.

Accountant's Compilation Report

Board of Directors
Lambertson Lakes Metropolitan District

Management is responsible for the accompanying budget of revenues, expenditures, and fund balances of Lambertson Lakes Metropolitan District for the year ending December 31, 2019, including the estimate of comparative information for the year ending December 31, 2018, and the actual comparative information for the year ended December 31, 2017, in the format prescribed by Colorado Revised Statutes (C.R.S.) 29-1-105 and the related summary of significant assumptions in accordance with guidelines for the presentation of a budget established by the American Institute of Certified Public Accountants (AICPA). We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the budget nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the accompanying budget.

The budgeted results may not be achieved as there will usually be differences between the budgeted and actual results, because events and circumstances frequently do not occur as expected, and these differences may be material. We assume no responsibility to update this report for events and circumstances occurring after the date of this report.

We draw attention to the summary of significant assumptions which describe that the budget is presented in accordance with the requirements of C.R.S. 29-1-105, and is not intended to be a presentation in accordance with accounting principles generally accepted in the United States of America.

We are not independent with respect to Lambertson Lakes Metropolitan District.

**LAMBERTSON LAKES METROPOLITAN DISTRICT
2019 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Adams County on November 28, 2000, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Adams County, Colorado entirely within the City of Thornton.

The District was established to provide financing for the construction of streets, traffic and safety controls, storm drainage, sanitary sewer, water and parks and recreation facilities.

The budget is in accordance with the TABOR Amendment limitations that were modified by the voters in an election held on November 7, 2000. District voters approved authorization to increase property tax up to \$100,000 annually, without limitation of rate, to pay the District's operations, maintenance and other expenses. Additionally, the election allows the District to collect, spend and retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. Emergency reserves, required under TABOR, have been provided.

The District has no employees and all operations and administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

The change in assessment ratio from 7.96% to 7.2% allows the District to adjust its mill levy to offset the decrease in revenues. However, the District has elected not to impose an adjusted mill levy for operations and debt service. Such adjusted mill levy would be 4.256 for operations and 42.176 for debt service.

**LAMBERTSON LAKES METROPOLITAN DISTRICT
2019 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues - (continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 6% of the property taxes collected.

Net Investment Income

Interest earned on the District's available funds has been estimated based on historical interest earnings.

Expenditures

General and Administrative Expenditures

General and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, accounting, insurance, banking and meeting expenditures.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Debt Service

The principal and interest payments in 2019 are provided based on the debt amortization schedule from the District's Limited Tax General Obligation Refunding Loan, Series 2016.

Debt and Leases

On September 15, 2016, the District refunded \$5,850,000 of General Obligation Refunding Bonds, Series 2006, by the issuance of \$5,835,000 Limited Tax General Obligation Refunding Loan, Series 2016 with an interest rate of 2.47%. The loan matures on December 1, 2032. Interest payments on the loan shall be due and payable semi-annually on June 1 and December 1 each year through maturity. Principal payments on the loan shall be due and payable on December 1 of each year through maturity. Principal payments shall be prepaid at the option of the District and with no prepayment fee on and after December 1, 2022. Prior to December 1, 2022, additional principal amounts may be prepaid with a redemption premium of (1) 3.00% from December 1, 2016 through November 30, 2018, (2) 2.00% from December 1, 2018 through November 30, 2020, or (3) 1.00% from December 1, 2020 through November 30, 2022.

The loan is secured by and payable from pledged revenues consisting of monies derived by the District from the following sources, net of any collection costs: (1) the required mill levy, (2) the portion of the specific ownership tax which is collected as a result of the imposition of the required mill levy, and (3) any other legally available monies which the District determines to apply to the payment of the loan. Required mill levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal and interest on the bonds as the same become due and payable. If monies produced from the required mill levy, together with other pledged revenues, are

Debts and Leases - (continued)

not sufficient to pay punctually the scheduled payments of principal and interest, the District shall include all such amounts as may be necessary for such purposes in its computation of the required mill levy in the subsequent year, and such required mill levy shall be imposed and continue to be levied until the loan is fully paid. The maximum required mill levy is 50.000 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2018, the adjusted maximum mill levy is 63.541 mills.

The District has no operating or capital leases.

Reserve Funds

Emergency Reserve

The District has provided for an Emergency Reserve equal to at least 3% of the fiscal year spending for 2019, as defined under TABOR.

Independent Auditor's Report

To the Board of Directors
Lambertson Lakes Metropolitan District

We have audited the accompanying financial statements of the governmental activities and the major funds of Lambertson Lakes Metropolitan District as of and for the year ended December 31, 2019 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of Lambertson Lakes Metropolitan District, as of December 31, 2019 and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other-Matters

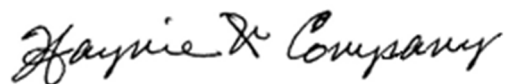

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Lambertson Lakes Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 DEFINITION OF REPORTING ENTITY

Lambertson Lakes Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on November 28, 2000, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Adams County, Colorado, entirely within the City of Thornton. The District was established to provide financing for the construction of streets, traffic and safety controls, storm drainage, sanitary sewer, water and parks and recreation facilities.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting, unless otherwise indicated.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize interest earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and sales of the tax liens on delinquent properties are normally held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Cost of Loan Refunding

In the government-wide financial statements, the deferred cost of loan refunding is being amortized using the interest method over the life of the refunding loan. The amortization amount is a component of interest expense, and the unamortized deferred cost is reflected as a deferred outflow of resources.

Deferred Inflow/Outflow of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *cost of loan refunding*, is deferred and recognized as an outflow of resources in the period that the amount is incurred.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balances is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2019, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 159,789
Cash and Investments - Restricted	<u>706,849</u>
Total Cash and Investments	<u><u>\$ 866,638</u></u>

Cash and investments as of December 31, 2019, consist of the following:

Deposits with Financial Institutions	\$ 4,599
Investments	<u>862,039</u>
Total Cash and Investments	<u><u>\$ 866,638</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a bank balance of \$13,214 and a carrying balance of \$4,599.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2019, the District had the following investments:

<u>Investments</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	\$ 862,039

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 4 LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District's long-term obligations for the year ended December 31, 2019:

	Balance December 31, 2018	Additions	Retirements	Balance December 31, 2019	Due Within One Year
2016 G.O. Refunding Loan	\$ 5,060,000	\$ -	\$ 285,000	\$ 4,775,000	\$ 300,000

Total	<u>\$ 5,217,139</u>	<u>\$ -</u>	<u>\$ 285,000</u>	<u>\$ 4,932,139</u>	<u>\$ 300,000</u>

The details of the District's long-term obligations are as follows:

\$5,835,000 Limited Tax General Obligation Refunding Loan, Series 2016, dated September 15, 2016 with an interest rate of 2.47%. The loan matures on December 1, 2032. Interest payments on the loan shall be due and payable semiannually on June 1 and December 1 each year through maturity. Principal payments on the loan shall be due and payable on December 1 of each year through maturity. Principal payments shall be prepaid at the option of the District and with no prepayment fee on and after December 1, 2022. Prior to December 1, 2022, additional principal amounts may be prepaid with a redemption premium of (1) 3.00% from December 1, 2016 through November 30, 2018, (2) 2.00% from December 1, 2018 through November 30, 2020, or (3) 1.00% from December 1, 2020 through November 30, 2022.

The loan is secured by and payable from pledged revenues consisting of monies derived by the District from the following sources, net of any collection costs: (1) the required mill levy, (2) the portion of the specific ownership tax which is collected as a result of the imposition of the required mill levy, and (3) any other legally available monies which the District determines to apply to the payment of the loan. Required mill levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal and interest on the bonds as the same become due and payable. If monies produced from the required mill levy, together with other pledged revenues, are not sufficient to pay punctually the scheduled payments of principal and interest, the District shall include all such amounts as may be necessary for such purposes in its computation of the required mill levy in the subsequent year, and such required mill levy shall be imposed and continue to be levied until the loan is fully paid. The maximum required mill levy is 50.000 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2019, the adjusted maximum mill levy is 63.541 mills.

The issuance of the Series 2016 Loan refunded the Series 2006 Bonds and did not use any debt authorization.

Pursuant to the First Modification to the Original Service Plan for the District, dated December 18, 2006, the District is permitted to issue general obligation bonds of up to \$6,500,000.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

Developer Advances

In earlier years, the District received certain advances from the Developer of the District for capital infrastructure costs that were subject to a Funding and Loan Agreement (Agreement). The District has repaid all advances pursuant to the Agreement. As of December 31, 2019, a total of \$157,139 of accrued interest remained unpaid. Any future payment of said amount is subject to annual appropriation.

**LAMBERTSON LAKES METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 5 NET POSITION

The District has net position consisting of two components - restricted and unrestricted.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2019, as follows:

Restricted Net Position:	
Emergency Reserves	\$ 2,200
Debt Service	698,508
Total Restricted Net Position	<u>\$ 700,708</u>

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements conveyed to the City of Thornton in prior years.

NOTE 6 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District was a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 7 TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

**LAMBERTSON LAKES METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 TAX, SPENDING AND DEBT LIMITATIONS (CONTINUED)

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 7, 2000, the District voters passed an election question to increase property taxes \$100,000 annually, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain and spend all revenue without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
