RE: Request for DRCOG TIP Subregional Funding for the Peaks to Plains Trail

Dear Melanie,

It is with great enthusiasm that Jeffco Open Space is requesting from the ADCOG Subregional Forum a \$500,000 contribution for the East Clear Creek Canyon Segment of the Peaks to Plains Trail. This is 1.6% of the total cost of the estimated \$30 million, 3-mile trail project anticipated to run from 2021 - 2023.

Through partnership we make the Denver metropolitan area stronger. It is exactly this type of collaborative project which exemplifies our collective commitment to making our region more vibrant and committed to healthy, active living. Without an eye toward the future of safe, meaningful mobility, we lose sight of the spirit which has made where we live so incredible.

We sincerely hope you read through the attached funding request and consider an important contribution toward completing a multi-modal trail of statewide significance with a full 6.8 miles through Adams County communities to enjoy.

If you have any questions, please don't hesitate to reach out to me at (303) 271-5966 or nyork@jeffco.us.

With gratitude,

A handwritten signature in blue ink that reads "Nancy York". The signature is fluid and cursive, with the first name "Nancy" and last name "York" clearly visible.
